

*We want to build and launch rockets,
that's what we are here to do.*

Daily Update: Negotiations is all about the details. The negotiating team spent today going through the most recent ULA proposal, amending nearly 30 pages of documents. At the forefront is seniority.

No matter the changes in this contract, seniority will remain paramount in all we do. **We will accept nothing less!** We will not allow ULA to use critical skills as a way to circumvent the seniority process.
